Transportation

Granger Collection

Granger Collection

1492 Thinking he has pioneered a westward route to the spice-rich East Indies, Christopher Columbus lands in the Bahamas. At the time of first European contact, about 90 million Native Americans live in North and South America.

1640 Stagecoaches offer public passenger service, and covering 15 miles a day is considered a good speed. The coaches travel in stages, changing horses at each stop. As a result, the stagecoach line is born.

Everett Collection

1519 Spanish explorer Hernando Cortés introduces horses from Spain into the New World, changing transportation and culture for Native Americans. Cortés carries out a harsh conquest of Montezuma and the Aztecs.

Corbis-Bettmann

1000 Pilgrimages to religious sites are seen as acts of faith. Roads and towns develop along the pilgrim routes, expanding trade and communication in Europe. Beginning in 1096, Crusades to the distant Holy Land expose Europeans to Arab culture.

- 1000 Leif Ericson reaches North America.
- 1094 Gondolas first appear in Venice.
- 1119 Chinese invent magnetic compass.
- 1176 London Bridge is built.
- 1271 Marco Polo travels to China.
- 1441 Portuguese explorers start slave trade.
- 1569 Mercator creates his world map.
- 1620 Mayflower lands at Plymouth Rock.
- 1750 First Conestoga wagons are built.
- 1804 Lewis and Clark explore American West.
- 1839 Vulcanized rubber is invented.
- 1860 Practical internal-combustion engine appears.
- 1869 Transcontinental railroad spans U.S.
- 1900 Public rides first escalator.

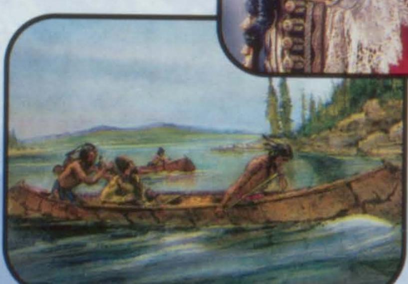
1690 Pirates terrorize the seas between 1690 and 1730. One of the most notorious pirates is Edward Teach, known as "Blackbeard." The fictional Captain Hook first appears in the 1904 play "Peter Pan" which inspires books, musicals and films throughout the century.

Murray Close/Archive Photos

Corbis-Bettmann

Photofest

1776 During the Revolutionary War, a submarine is used in battle for the first time. Built by American David Bushnell, the one-person vessel is powered by a hand-cranked propeller. Twentieth-century submarines are complex, nuclear-powered craft used for defense and scientific purposes.



Granger Collection

1760 The first practical wheelchairs provide new mobility for those unable to walk. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward.

Granger Collection

1783 France's Montgolfier brothers launch the first hot-air balloon. Filled with smoke, the silk balloon rises to 6,000 feet. Later that year, the first passengers go aloft—a rooster, a duck and a sheep.

1700 Birchbark canoes provide transportation for many Native Americans. The canoes are made with a light wood frame covered with pieces of bark sewn together and made watertight with melted pitch.

1000

1000

Brown Brothers

Brown Brothers

1825 Travel by rail revolutionizes land transportation. British engineer Richard Trevithick invents the first steam locomotive in 1804, but it is 1825 before railroads haul passengers.

1863 Subways provide a new way to get around in ever-more-crowded cities. The world's first underground railway opens in London in 1863. By 1904, New York City inaugurates its first rapid-transit subways.

Fratelli/Stock Market

1903 Humans achieve powered flight. The first flight of Wilbur and Orville Wright's *Flyer* lasts 12 seconds and carries Orville to a height of 10 feet above the beach at Kitty Hawk, N.C.

American Stock/Archive Photos

1908 Henry Ford's moving assembly line makes cars affordable to the masses. Ford produces the first Model T in 1908. In 1964, the sporty Ford Mustang rolls out at $2,368 and sets an all-time record for first-year sales of a new model.

1913 First drive-in gas station opens.

1914 Cleveland, Ohio, pioneers traffic lights.

1927 Lindbergh flies solo, nonstop over Atlantic.

1935 Parking meters appear.

1937 *Hindenberg* zeppelin crashes.

1952 Jet airline passenger service begins.

1961 Humans first orbit Earth.

1975 McDonald's starts drive-through service.

1976 Supersonic passenger flight begins.

1981 NASA develops space shuttle.

1993 *Pioneer 10* spacecraft leaves solar system.

1994 "Chunnel" links U.K. to France.

1997 *Pathfinder* and Sojourner explore Mars.

1999 Piloted balloon circles globe nonstop.

2000

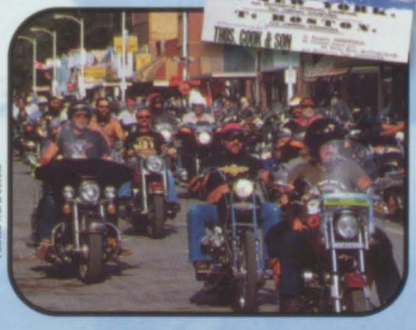
AP/Wide World Photos

1912 On her maiden voyage, the great steam passenger ship *Titanic*, thought to be unsinkable, goes down after hitting an iceberg in the North Atlantic. Of the more than 2,200 persons aboard the ship, about 1,500 perish.

Ron Chapple/FPG International

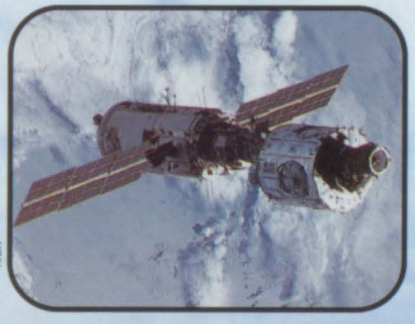
© 2000 PhotoDisc, Inc.

1969 Man walks on the moon. Apollo 11 astronauts Neil Armstrong and Buzz Aldrin plant the American flag 238,000 miles from Earth as an estimated 600 million people on Earth watch on television.



Patrick Ward/Corbis

1956 Freeways change the nature and pace of travel in America. In 1956, President Eisenhower authorizes construction of the Interstate Highway System. By the 1990s, this nationwide network includes more than 42,500 miles of highways.



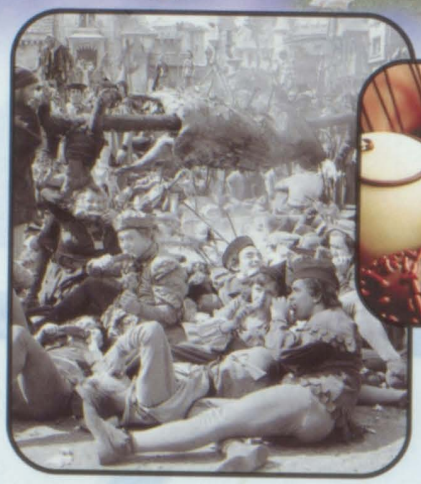
NASA

1950 First built in 1903, the Harley-Davidson becomes America's best-known motorcycle in the 1950s. Raw power and a distinctive rumble appeal to rebels of the 1950s and 1960s and to business executives of the 1990s.

2200000

1998 Orbital construction of the International Space Station (ISS) begins in 1998 when space shuttle *Endeavor* crew members connect the station's first two sections. ISS is to become the largest cooperative space mission in history.

Food



Photofest

Bruce Forster/Tony Stone

1520 Chocolate from the New World takes Europe by storm. Brought to Spain from Mexico, chocolate is so costly that Europeans water it down for use as a drink. Natives of Mexico have prized chocolate since ancient times.

1762 John Montagu, 4th Earl of Sandwich, instructs his servants to bring him his meat between two pieces of bread. This way he can eat with one hand while continuing to play cards with the other. The term "sandwich" is born.

King Features Syndicate/North American Syndicate

1650 Europe's first coffeehouse opens in England. By 1700, there are 2,000 coffeehouses in London alone. Early coffeehouses are important places to transact business. Lloyd's Coffeehouse evolves into Lloyd's of London, the giant insurance brokerage.

Culver Pictures

© 2000 PhotoDisc, Inc.

1900 As the millennium begins, European peasant food is plain and often scarce. Feasting on meat is reserved for the wealthy. Table utensils include only a knife; most people just eat with their hands. Slabs of dense bread, called trenchers, serve as plates.

1100 Spices are costly luxuries.

1153 World's first restaurant opens in China.

1400 Spice trade inspires exploration.

1518 Forks first appear on tables.

1621 Native Americans introduce popcorn to colonists.

1773 Boston Tea Party fuels rebellion.

1845 Potato famine swells Irish emigration.

1880 Canned foods appear in stores.

1897 Jell-O is a new treat.

1905 First commercial pizzeria opens.

1948 Tupperware is introduced.

1962 Pop-top cans are created.

1989 Packaged salads become available.

1998 Organic food sales soar.

2000

Brown Brothers

1840 Domestic ice chests provide early refrigeration. Blocks of ice are cut, delivered to homes and sold for use in kitchen ice chests. It is the early 1930s before reliable electric home refrigerators are in common use.

Mark Segal/Tony Stone

Everett Collection

1954 Swanson creates the TV dinner, sold in boxes designed to look like television sets. Frozen dinners are possible because of Clarence Birdseye's 1929 invention of early methods for freezing food.

1878 Alexander Campbell, Brooklyn, is the first to deliver milk in glass bottles. For many years the neighborhood milkman is the most common way to obtain fresh milk, before the age of supermarkets.

Lambert/Archive Photos

1932 America's first large self-service supermarket opens, followed by the invention of the grocery shopping cart in 1937. During the Depression, supermarkets become a significant part of the food distribution network.

Davis Barber/PhotoEdit

1998 Choices expand in school lunch programs. A growing number of public schools begin featuring national fast-food outlets and soft drink brands in the school lunchroom.

Sports and Games

© 2000 PhotoDisc, Inc.

1100 Archery competition is a common pastime in the Middle Ages. Archery skill is so important that English kings ban football because it takes men away from archery practice.

The Stock Market

1377 Europeans use engraved wooden blocks to print playing cards, one of the first uses of printing in Europe. Playing cards come to Europe from the Middle East during the Crusades.

1552 Golf is a popular sport in Scotland. In 1552, Saint Andrews is a favorite place for golfing. Mary, Queen of Scots is reportedly the first woman golfer and helps spread golf's popularity in Europe.

Mary Evans Picture Library

1609 Soccer is first played in America, using a sheep's bladder as a ball. As the millennium closes, millions of American youth play in organized soccer leagues. In 1999, the U.S. women's soccer team wins the World Cup.

© 2000 PhotoDisc, Inc.

1000 Europeans invent checkers and darts.

1150 French enjoy early form of tennis.

1300 German bowlers use wooden pins, stone ball.

1400 Native Americans play lacrosse.

1767 Norway introduces alpine skiing as sport.

1839 Scottish blacksmith invents pedal bicycle.

1855 Ice hockey originates in Canada.

1884 Coney Island installs first roller coaster.

1891 James Naismith invents basketball.

1920 Yo-yo is introduced in U.S.

1934 LEGO company opens in Denmark.

1959 Barbie is born.

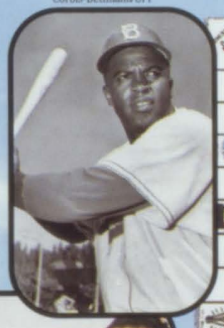
1967 Football fans enjoy first Super Bowl.

1999 Game consoles incorporate PC technology.

2000

1846 Baseball is first played as an organized sport at Hoboken, N.J., when the New York Club defeats the Knickerbocker Baseball Club on June 19. More than 100 years later, Jackie Robinson breaks the color barrier in major league baseball in 1947.

Corbis-Bettmann/UPI



1932 Parker Brothers introduces Monopoly, which becomes one of the world's most successful board games. By the late 1990s, the popular game is available on interactive CD.

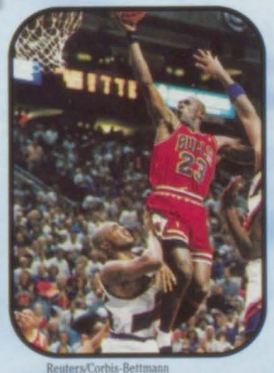
Tony Esparza/CBS/Entertainment Communications

1959 Game shows become widely popular TV fare in the 1950s. One of the top 10 shows of 1959, NBC's "The Price Is Right," still draws large audiences in 1999 on CBS, where it is the longest-running game show in television history.

Reuters/Kiminasas Mayama/Archive Photos

1896 Athens, Greece, hosts the first modern Olympics. Winter Games are not held until 1924. At the 1998 Winter Olympics, American figure skaters Tara Lipinski and Michelle Kwan win the gold and silver medals respectively, and China's Lu Chen wins the bronze.

2000000



Reuters/Corbis-Bettmann

1999 Michael Jordan, considered by many to be basketball's greatest player, retires from the NBA. His talents lead the Chicago Bulls to six NBA championships in the 1990s.

Communication

© 2000 PhotoDisc, Inc.

1300 Sign language is a means of communication for some early cultures. It bridges language differences between societies and eventually evolves into a formal alphabet for communication by the hearing impaired.

© 2000 PhotoDisc, Inc.

1594 William Shakespeare's "Romeo and Juliet" is first performed. London's Globe Theater opens in 1599, where many of his plays are staged. By 1600, the great playwright pens at least 20 plays.

Photofest

1000 Literacy is reserved for the clergy and a few students. Monks and scribes laboriously copy books by hand using goose-quill pens. Books are such rare treasures that in some libraries they are chained to the shelf.

1455 Johann Gutenberg invents a way to mass-produce the written word. He devises the first Western movable-type system and a new kind of printing press. Gutenberg's inventions speed the spread of knowledge and literacy.

Davis Barber/Culver Pictures

1000 Most Europeans are illiterate.

1008 Japanese woman writes the first novel.

1044 Chinese invent first movable type.

1100 Some societies use smoke signals.

1202 Europe expands use of Arabic numerals.

1387 Chaucer pens *Canterbury Tales*.

1465 Printed music appears.

1500 Lead pencils make writing easier.

1503 Leonardo da Vinci paints *Mona Lisa*.

1647 British Navy originates signal flag messages.

1670 Clockmaker designs first minute hand.

1784 Mozart composes symphony at age eight.

1776 Declaration of Independence creates U.S.

1830 Braille develops reading system for the blind.

1809 The first regularly printed newspaper is a four-page weekly publication, the *Relation*, printed in Germany. It is 1702 before the first daily newspaper appears, *The Daily Courant* of London.

Lambert/Archive Photos

Archive Photos

1838 Instant long-distance communication is possible. Samuel Morse invents the telegraph and a dot-dash code to carry messages over a wire. In 1851, Hiram Sibley founds Western Union Telegraph Company.

Hirz/Archive Photos

Culver Pictures

Granger Collection

1826 Frenchman Nicéphore Niépce creates the first permanent photograph. His partner, Louis Daguerre, carries Niépce's work further by inventing a process of capturing images on metal plates.

1775 One if by land, two if by sea. Lanterns signal the advance of British troops, and Paul Revere rides to warn American colonists of the attack. His famous ride also signals the beginning of the American Revolution.

1867 American Christopher Sholes invents the typewriter. To keep rapid typists from jamming the keys, Sholes designs the keyboard so that frequently combined letters are located far apart. This layout lasts into the computer age.

© 2000 PhotoDisc, Inc.

1000000

1869 Austria introduces the first postcards. For only pennies, postcards keep people in touch before telephones are common. Calling cards, commercial valentines and other printed personal greetings are popular customs.

Everett Collection

1876 Alexander Graham Bell patents the telephone. By the end of the millennium, missing a phone call is almost impossible as answering machines take instant messages. Cell phones, beepers and voice mail expand communication options.

1879 Inventor Thomas Edison patents a practical electric light bulb. Electric lights have a profound effect on society, increasing opportunities for reading, writing, socializing and working.

© 2000 PhotoDisc, Inc.

1895 Guglielmo Marconi invents the radio, providing a way for sound to travel long distances without the use of wires. During the 1920s and 1930s, radio is the primary source of news and family entertainment for most Americans.

© 2000 PhotoDisc, Inc.

1860 Pony Express carries mail.
1877 Edison invents phonograph.
1896 Viewers marvel at early silent movies.
1920 U.S. women win right to vote.
1928 Mickey Mouse appears on film.
1933 Drive-in theaters attract crowds.
1947 Bell Labs invents first transistor.
1957 Russia launches *Sputnik*.
1963 King delivers "I Have a Dream" speech.
1963 TV carries President Kennedy's funeral.
1966 Vietnam War sparks protests.
1981 MTV goes on air.
1989 Berlin Wall falls.
1998 HDTV becomes available.
2000

1938 Movie making experiences a "golden age" in the late 1930s and early 1940s. In 1939, *Gone With the Wind* and *The Wizard of Oz* premiere. *Citizen Kane* follows in 1941, and *Casablanca* in 1942. Studio giants are MGM, Paramount, RKO and Warner Brothers.

Granger Collection

Used by permission, © Elvis Presley Enterprises, Inc.

© Corbis

1956 Elvis Presley's unique blend of blues, country, rock and gospel draws adoring fans and makes him "the King" of rock and roll. In 1956, his debut album becomes the first in history to sell a million copies.

C/B Production/Stock Market

1978 Personal computers become available to the mass market, thus paving the way for desktop publishing. By 1990, laptop notebook computers allow people to compute from almost anywhere.

© Corbis
Photolest

1945 Television is invented in 1926, and regular network TV broadcasts begin after World War II. One of TV's most popular shows is CBS's "I Love Lucy," premiering in 1951. Television transforms almost every aspect of life in the twentieth century.

2000000

© 2000 PhotoDisc, Inc.

1997 Millions of people worldwide cruise the Information Highway via the Internet, and instantaneous e-mail communication becomes common. As the millennium ends, computer, TV, video and telephone technologies begin to converge.

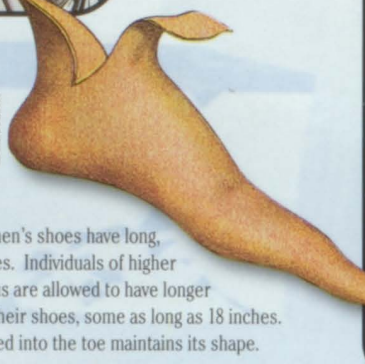
Fashion

Jon Gardey/ABC/Everett Collection

1100 Medieval knights wear a short wool tunic and a coat of chain mail. Gauntlets (heavy leather gloves) and sword complete the attire, which is so costly only wealthy men can afford to be knights.

Disney/Shooting Star

1278 Crusaders return from the Middle East with new ideas, including that of the glass mirror. In 1278, the glass mirror is produced in Venice, Italy, and Europeans see themselves clearly for the first time.



Archive Photos

1300 Medieval men's shoes have long, pointed toes. Individuals of higher social status are allowed to have longer points on their shoes, some as long as 18 inches. Moss stuffed into the toe maintains its shape.

1558 Queen Elizabeth is the fashion trendsetter, popularizing the wide skirt, jeweled wig, high bald forehead, and decorative ruff around the neck. She is rumored to have 3,000 dresses.

Photofest

1000 Europeans wear simple tunics and leggings.

1200 Buttons appear as decoration, not fasteners.

1286 Spectacles originate in Italy.

1443 Men and women wear earrings.

1498 Toothbrush is invented.

1550 Cosmetics and perfume come into fashion.

1620 High heels are popular for men and women.

1850 Corsets and bustles are essential attire.

1920 "Flappers" wear bobbed hair, short dresses.

1939 Nylon stockings first appear.

1942 W.W. II prompts shoe rationing.

1968 Hair gets long, skirts get short.

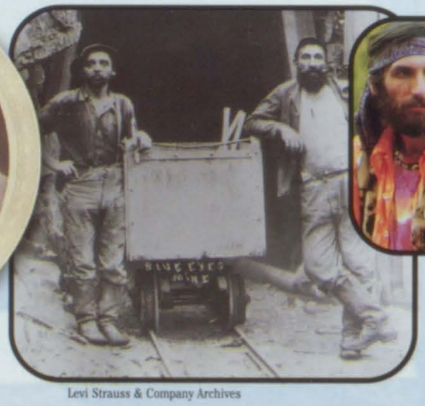
1973 Afro hairdo is popular.

1999 "Retro" fashions mimic earlier decades.

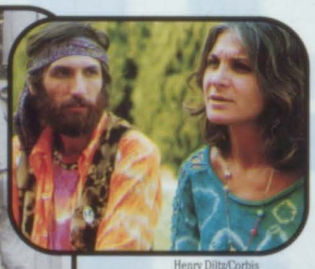
2000

Culver Pictures

1670 Men and women wear elaborate powdered wigs made of human hair, horsehair and goat hair. Because the large wigs are heavy and hot, some people shave their heads and wear a cloth cap under the wig to absorb perspiration.



Levi Strauss & Company Archives



Henry Diltz/Corbis

1968 With flowers in their hair and everywhere, hippies express their philosophy of world peace and love. Hippies favor bell-bottom jeans, granny dresses, bare feet, long hair, beads, headbands and bright colors.

Susan Meiller, Textile Designs, vol. 1

Granger Collection

1800 The Industrial Revolution brings mass-produced textiles, standard clothing sizes and the first ready-to-wear garments. In 1851, Isaac Singer invents the home-use sewing machine.

1855 Young Levi Strauss comes to America in the 1850s and makes riveted canvas work pants for California gold miners. When he switches from canvas to blue denim, Strauss unknowingly creates one of America's greatest contributions to fashion.

Kunio Owaki/Stock Market

1992 Indoor malls are popular with teens not only for shopping, but also for socializing. The first enclosed mall is built in 1956. In 1992, the Mall of America, the largest mall in the U.S., opens in Minnesota.

JUNIORS CLASS OF 2001

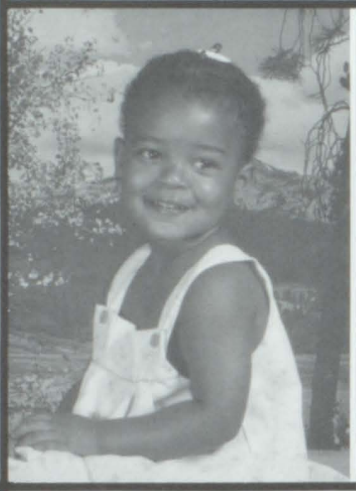
Chassidy,
We are very proud of you. Always remember, wherever you go, whatever you do, God loves you and we do too.
Love,
Dad, Mom
Amy, and Clay

Emilee,
You have been a joy since the day you were born. We are so proud of you!
Love,
Daddy, Mama,
Melissa and Alex



Stephanie,
We are so very proud of you! We hope that you reach all your goals and may God bless you!
Love,
Mom, Dad, and Sami

Nicholas,
You are the light of our life. We are very proud of you, and all you have accomplished in your life. You have the desire to make your dreams come true, so shoot for the stars and don't stop until you have achieved what you want out of life. Just remember no matter what you do, or what life may bring we will always be there forever.
With all our love,
Mommy and Daddy

Kim,
Since the day you were born you have been our ray of sunshine. Keep reaching for the moon and the stars will be yours. May God keep you in his hands.
We Love You,
Mother and Kristy

Kendra,
We love you and will miss you as a part of our daily lives, but being the determined young lady you are; we will look forward to seeing you accomplish the new goals you have set for yourself.
We Wish You The Best,
Mom, Dad, and Che

Dear Tiffie-pooh,

We have never encountered a day with you when there wasn't a smile across your face. You brighten our day. We are certainly blessed to have you as a daughter and sister. You have moved barriers that got in your way, and strived for excellence. We believe in you and your strong will-power. But no matter what lies ahead, we will always be proud of "our sunshine." May God keep you in his care forever.

With all our love,
Daddy, Mother, and
Brandee

Always remember: you can do it!

Dustin,

Our hearts burst with pride to have you as our son. You are truly a perfect son to us. Your sweet and thoughtful ways will take you a long way, and that sweet loving smile and determination will take you the rest of the way. Thank you, for all the wonderful memories. Your Dad and I are truly blessed to have you as our son. May God bless you and keep you. Good Luck Dust!

We Love You,
Mother and Daddy

Linda,

Thank you for the respect you have for yourself and others. We wish you the best in everything you do. Don't lose sight of your goals and dreams ... Only you can reach them.

We love you,
Mom, Dad,
Danielle, and T.J.

Pistol Pete,

The last of the litter, but always a shining star. May God continue to bless you. Please know you'll always have our love and support.

Love,
Mom, Seth,
Josh, and Kim

To Leslie our "Missy Love",

From the time we first laid eyes on you we knew you were special and you have continued to be. We are so proud of you.

"Your beauty should not come from outward adornment. Instead it should be that of your inner self, the unfading beauty of a gentle and great spirit, which is of great worth in God's sight."

1 Peter 3:34

Love,
Mom, Dad,
and Haley

"Princess" Kathleen:

We have watched you grow from a beautiful, pink baby into a beautiful young lady.

Whether you were learning to tie your shoes, playing your clarinet, writing a poem or reading a book, you have been excited about life. That's the excitement we felt when you were born and you have been our excitement all your life. Now you're leaving to start your own life and our life is going to be so dull. Because when you leave for college, our baby, excitement, and all her ideas will be starting her life of dreams.

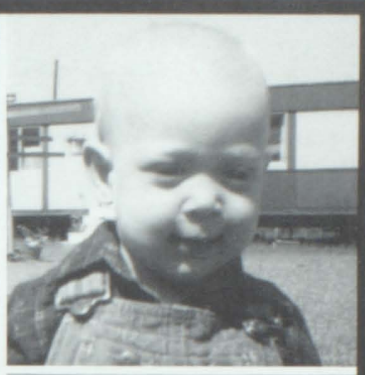
Sara, you have loved and cared for us and God has blessed us with a wonderful, smart, gifted, beautiful, loving daughter.

You have the future at your feet, may it take you everywhere you dream of. Because your imagination has always been your special gift.

May your dreams take you far and your wishes come true. Sara, always remember we all love you unconditionally; the way home and God will always be there.

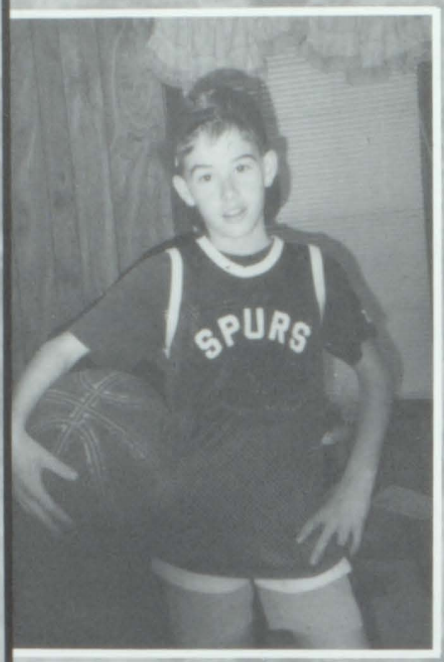
Sara, we are so proud of you and we love you so much! Keep your head up, your eyes on the road and your heart at home.

Love,
Mama, Daddy,
Jamie, and Grannie



Fly, Fly, Fly
Up in the sky,
oh how I love to go
high in the sky.
Like a bird that
can fly.
Oh it's so sweet,
it will sweep you
off your feet!
By: Sara Miller
Written in first grade, age 6
Sara,
Fly high, you're a *Free Bird* now.
Love,
Mommy & Ray
(Finch-fi Mommy, Finch-fi!!!)

From start to finish you made it. We love you PuDo.
Mom and Dad



Josh,

We are so proud of you and what you stand for. You have learned early in life that your reputation and your relationship with Jesus Christ are the two most valuable things to maintain.

You have been a "joy" to raise and we look forward to seeing what God has in store for your future.

We love you,
Mom, Dad and
Lindsay

Dionne was always outspoken even in the womb. She kicked then and she is still kicking now. A nice person but you have got to know her to love her. She will make you laugh and you don't know why you are laughing.

Deionne is our "little girl" and she always wants to have her way. But ... she knows that Mama and Daddy have to have the last say (smile).

Love,
Daddy, Mama, and
Jabari

Melissa,
You are a beautiful young lady and we are very proud of you.
Love,
Mamma, Keith and Todd

Stephen,
You have truly been a gift to us from God. You have always been very special and a source of joy in our lives.
Love,
Dad, Mom, Ashlon and Todd

Shanna,
You have filled our lives with so many precious memories. Always remember how much we love you and how proud we are of you. May God bless you always.
Love,
Mom, Dad and Marsha

Good Luck and best wishes forever! We love you very much!
Love always,
Mother, Daddy and Ashton

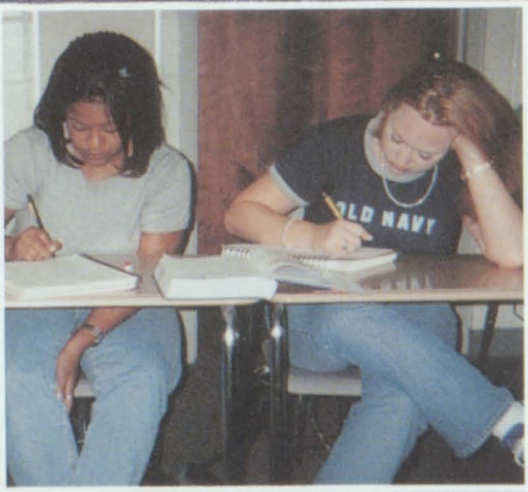
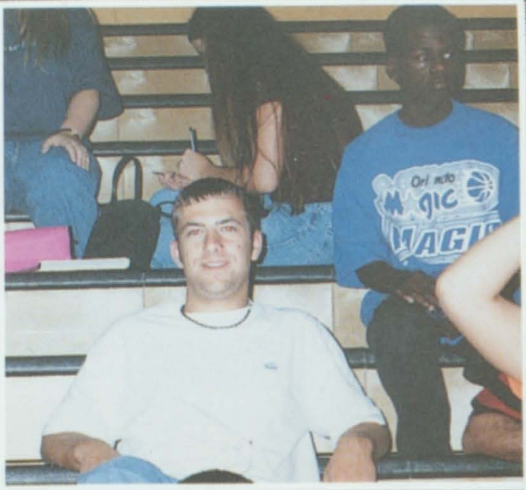
Where do you see yourself in ten years?
I see myself finished with school and becoming a professional wrestler.
— Pete Manring
Working in a city as a pediatric nurse, married with one maybe two children.
— Emilee Benbow
Living somewhere besides Elba, happily married with one child. Hopefully teaching English at a college.
— Sara Miller
Just getting out of law school. I'll probably be married.
– Emilee Qualls
Somewhere living large and in charge as a wealthy radiologist (with one of two children AND married).
— Karen Spruill
I see myself traveling a lot. Working in the hospital making many surgeries, living in Brazil with my family, and sometimes coming to visit Elba and my friends that I make here. I love Elba, too.
— Jackie

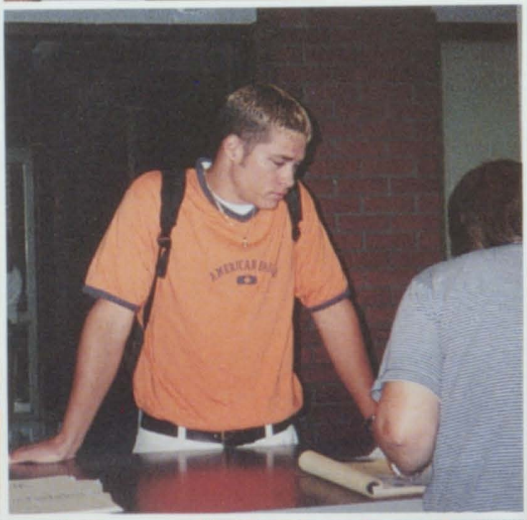
HAPPY!!!
— Brandy Phillips
I see myself hopefully through with college and successfully practicing surgery, but I'll probably be stuck in Elba feeding cows and flipping burgers.
— Nicholas Brunson
I see myself working as a physical therapist, married with two kids.
— Stephanie Williams
I see myself living in my dream home away from Elba. I will be happily married with two kids. I'll be finishing college and in my spare time, I will have a part-time job.
— Jennifer Dyer
Hopefully just starting a family and I'll be a very wealthy anesthesiologist.
— Katie Vaughan
I hope to be through with school and laid back making much money.
— Dustin Stinson
I'll just be out of medical school and starting a family.
— Tiffany Farris

I will be one of the biggest music entrepreneurs in the town of Elba besides owning ACE Hardware and Radio Shack. I will also be my churches youth minister.
— Josh Lawford
I see myself being a successful business woman just starting a family.
— Kim Ward
I plan to be out of college and have a house of my own. I'll have a wife, kid, and a very successful job.
— Wesley Sykes
Somewhere besides Alabama working as a very successful software engineer in a big company.
— Monique Ordon
I hope to have a good job, be married to a wonderful husband and have one child.
— Sheena Richards
Happy as an ultrasound technician, married to Jeffrey with two kids.
— NaTasha Bannin
Graduated from college, just married, living in a fairly big city, working for a construction company.
— Jep DuBose





Seniors Class of 2000



Rae,

You have always been a source of pride and a blessing for us. You have brought us countless moments of joy and happiness. We have watched you grow from a giggly, energetic little girl into a beautiful, energetic young lady. We are so proud of you. Always remember — We Love you!

Mom, Dad, & Ryan
Mother & Father

Bradley,

From little league to Varsity football, you have made us very proud. Thank you for making our lives complete.

Love,
Mom, Dad, & Garret

Vaughan,

From the day you came into our lives, you have been the brilliant star in our universe. You fill our lives with so much love and sunshine. We are so proud of you and will cherish every memory.

As you enter a new chapter in your life, always remember you have our love and support.

"If your mind can receive it and your heart can believe it, then you can achieve it."

We Love You,
Dad, Mama, & Bo

Greg,

Your curiosity about life has taught you many things. You've enjoyed life and people. We could not be more proud of you and your accomplishments. Life will be bumpy, but we know you will continue to soar like the eagle.

Love,
Terry, Mom, & Heidi

Tasha,

We love you very much and we are really proud of you. Best of Luck!

Love,
Mom & Janie

Katie,

We are proud of you and we love you!

Daddy, Mama, and Bonnie

This child is a gift from God and so is protected, adored, celebrated, guided, smiled upon, and year by year, molded by God through His constant love and care.

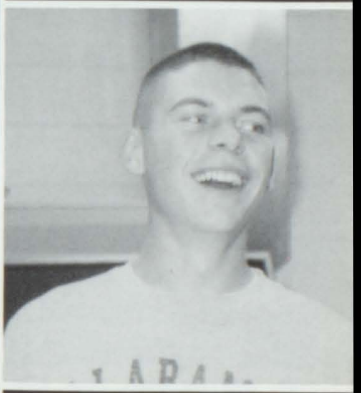
That is the funniest thing I've ever heard

In two years, I'll be playing for the Bulls.



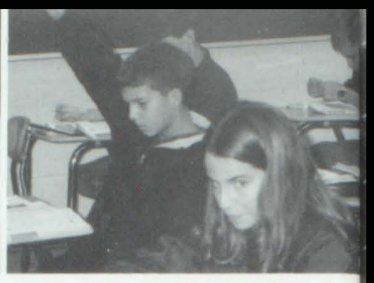
"The next George Strait"

Make peace, not war

What is she looking at?

Hard at work or hardly working?

I think; therefore, I am.



Do you want something?

Does anyone have any dental floss?

We're full of school spirit

Did you spill this?

I love school!!

My name is Imp the Pimp.

Jep. You're not a thug so quit making that face.

So did you vote for me or not?

How you like me now?

Give this boy some shades, please.

Sssloooow Mootiooooon.

Please let it go in!

Hurry up, I'v got things to do.

Coach, what does sada, sada, sada, mean?

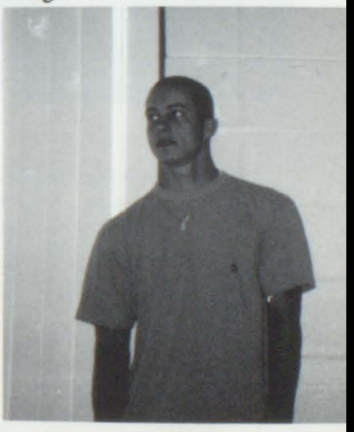
I hope nobody tries to talk to me.

Hey Katie!

Did you hear the same thing?



Is it 3:00 yet?

We've begun a new millennium and . . .

These sixth graders were the first to graduate from the sixth grade in the new millennium. They sang patriotic songs and saluted past heroes from American history.

This young girl is growing up. She began kindergarten this year. She won't really be needing that thumb anymore.

These are seventh graders. They entered the high school this year to find more freedom and responsibility.

When Mrs. King entered Elba High School for the first time, she was beginning her career as a math teacher. She has taught at Elba High School for 27 years. This year, she has decided to retire and find rest and relaxation for the rest of her life. She will be greatly missed.

the future is looking brighter...

Are these statues or are those cheerleaders that are admiring their artwork??

Coach Carnley is having a few words with the JV Volleyball team. He looks pretty serious.

The Year 2000

...every day!

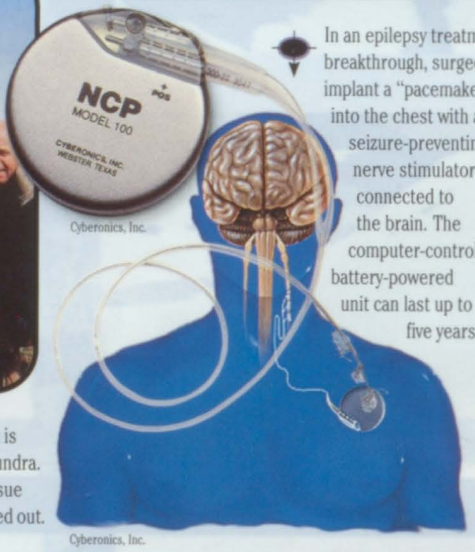
The Java Ring contains a computer chip providing electronic access into buildings for students. Eventually the ring could be used as a library card, digital wallet, electronic ID and authentication for students' online homework.

AP/Wide World Photos

The body of a 23,000-year-old woolly mammoth is discovered in October frozen in the Russian tundra. Study of the preserved fur, organs and soft tissue could unlock the mystery of why the species died out.



Cyberonics, Inc.

In an epilepsy treatment breakthrough, surgeons implant a "pacemaker" into the chest with a seizure-preventing nerve stimulator connected to the brain. The computer-controlled, battery-powered unit can last up to five years.

Cyberonics, Inc.

Gilbreathers/SPL/Photo Researchers

In August, U.S. surgeons begin using computer-enhanced robotic technology for heart bypass surgery. Because the chest cavity is never opened, this technique reduces pain and shortens recovery time.

Flash

Researchers announce in July the creation of a cancerous human cell by genetically altering a normal one. This significant breakthrough is an important step toward developing drugs that could potentially wipe out cancer.

In December, IBM announces a $100 million research initiative to build a supercomputer 500 times more powerful than current models.

1999

AP/Wide World Photos

On August 11, the last total solar eclipse of the millennium crosses the globe. Thousands of people from Canada to India experience daytime darkness during which the moon completely covers the sun.

Parents, with help from their doctor, select the gender of their baby using a technique called MicroSort, which separates X-bearing (female-determining) and Y-bearing (male-determining) sperm. The success rate is about 92 percent for females and 69 percent for males.

Researchers at Massachusetts General Hospital reveal in July that they have successfully regenerated the central nervous system of lab rats with severed spinal cords. Applications for human paralysis treatment are very encouraging.

The jawbones of two kangaroo-sized dinosaurs are discovered in Madagascar in October. Dated to the early Triassic period, 230 million years ago, the bones could be the oldest dinosaur fossils ever found.

A new board game, Infection, hits stores in July. Fun and educational, players race around the board catching diseases, described in detail, and trying to be cured.

In October, Sea Launch Company, a multi-national consortium, launches the first commercial satellite into space from a floating platform in the Pacific Ocean. Boeing is a major partner in the venture, along with companies in Russia, Ukraine and Norway.

In October, biologists isolate one of the enzymes that sets Alzheimer's disease in motion. This scientific discovery will lead to new treatments and, possibly, a cure. Over 4 million Americans, including former President Ronald Reagan, are living with the disease.

Researchers report they have successfully altered the learning and memory behavior of mice by inserting a gene into their brains. This genetic-engineering breakthrough may be helpful in treating human learning disorders and Alzheimer's disease.

Flash

In June, scientists announce the creation of two new elements. The nucleus of new, super-heavy element 118 decays into element 116 within a millisecond.

Scientists studying Albert Einstein's preserved brain report it has unique characteristics. The region governing mathematical ability and spatial reasoning is significantly larger than normal.

To mark the 30th anniversary of the first moon landing, astronaut Neil Armstrong's lunar footprint is featured on a 1999 postage stamp.

2000

Lifestyle News

Maybelline

Cosmetic companies increasingly use entertainment celebrities instead of models for their advertisements. Sarah Michelle Gellar, Jennifer Love Hewitt, Jennifer Lopez and Shania Twain are among the celebs who appear in ads.

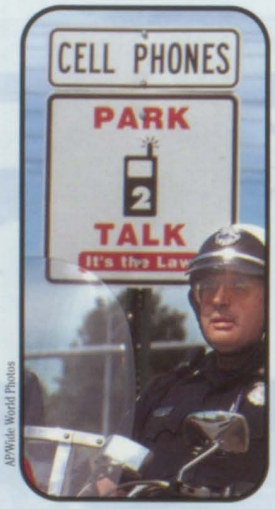
The fashion accessory of 1999 goes by many names – power beads, mood beads and prayer beads. Many sellers claim the beads boost tranquility, energy, creativity and intelligence.

Ian Spanier

Airlines begin installing elaborate in-flight entertainment systems that allow passengers to watch movies, play computer games, listen to music, read headlines or browse the Internet.

Eric Sander/Liaison Agency

With the huge increase in cell phones, many cities enact laws restricting their use while driving. Restaurants and theaters are also requiring patrons to turn phones off as a courtesy to others.



AP/Wide World Photos

Reuters/Robert Caulfield/Archive Photos

In August, a Levi Strauss & Co. megastore opens in San Francisco. The store features a hot tub where shoppers can soak in their jeans for the perfect fit and a computer-scanning system to help customers get the right size.

A continuation of the cargo pants trend, messenger bags with pockets galore hang at the hips of teens everywhere.

AP/Wide World Photos

Apple Computer introduces its new iBook laptop in September. The super-slim, neon-colored units follow the highly successful launch of the translucent iMac desktop.

Flash

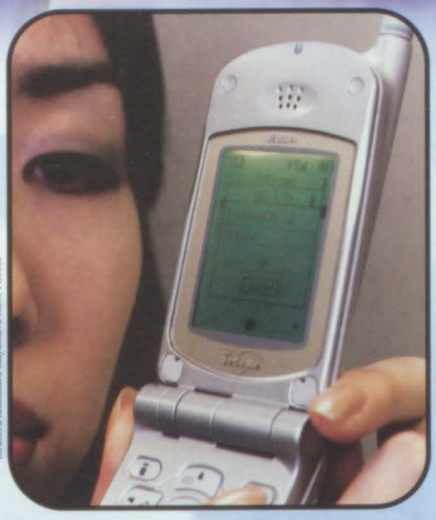
In December, Honda introduces Insight, a car that combines a conventional gasoline engine with a small electric motor, decreases ozone and carbon dioxide emissions and gets 80 mpg.

Several companies offer "digital wallets" for teens who want to shop online but don't have credit cards. Parents deposit money into an online account; then teens can spend the money at designated Web sites.

Courtesy Aromapharmacy

A new line of scented candles called Aromapharmacy comes in amber glass containers and looks like prescription drug bottles with creative names such as Ritalert, Cramprin and Valiumello.

1999



Reuters/Kimimasa Mayama/Archive Photos

Wireless Web access becomes a reality in September when Sprint PCS announces the first nationwide wireless data service. Shortly thereafter, several other providers debut similar service for hand-held Web phones.

Globe Photos Inc./Andrea Renault

Shawls and wraps show up everywhere in the fashion world. Hollywood celebrities like Salma Hayek sport the fashion trend in all colors and fabrics.

Inline skaters can now power themselves along with the new Roller Cycle Personal Power Accelerator featuring a 1.5-hp-driven wheel. An optional spiked rubber tire for traction makes it also possible to use while cross-country skiing.

Roller Cycle

A Gap TV advertisement for vests starts a trend across America that has teenagers wearing the fashionable sleeveless jackets.

Kwame Brathwaite/POL, Inc.

Several rappers start their own clothing lines, making hip-hop wear big business. Popular artist labels include FUBU, Roc-A-Wear, Phat Farm, Wu Wear, Sean John and X-Large.

AP/Wide World Photos/Ben Margot

Stretchy nylon jewelry that looks like skin tattoos is a big hit in 1999. The nylon bands are worn around necks, wrists, arms and ankles, and come in several colors.

Flash

Teenagers need an average of nine hours and 15 minutes of sleep a night, according to research at Brown University's Bradley Hospital. The study also shows a direct correlation between school grades and duration of sleep.

An influx of dot-com companies advertise on television. Ads during the Super Bowl sell for an average of $2.2 million per 30-second commercial.

Courtesy Magellan Corporation

Magellan, a satellite navigation system for motorists, offers complete U.S. mapping data, voice and visual instructions in seven languages, turn-by-turn directions and a library of points of interest.

California Prune Board

A growing number of U.S. school cafeterias offer pruneburgers, a healthy low-fat combination of hamburger and prune puree. Other prune items in the works include hot dogs, pizza sauce, barbecue sauce and gingerbread cookies.

Flash

The public and private sectors spend hundreds of millions of dollars to ward off the Y2K bug. The world lets out a sigh of relief after midnight strikes and no major computer malfunctions occur.

The FBI warns of possible terrorist acts on New Year's Eve and stays on national alert throughout the celebration. After the arrest of one man with bomb-making materials, Seattle decides to cancel its Space Needle celebration.

Steve Lissi/Corbis Sygma

Fearing the collapse of the world's banks, utilities and transportation systems, thousands of people stock up on food, water, money, ammunition and generators. After midnight, it soon becomes apparent that the preparations were unnecessary.

Reuters/Jim Bourg/Archive Photos

A surprising number of people, appalled by the exorbitant costs of travel and events, decide to stay home on New Year's Eve. Many companies and performers drastically slash prices as a last-minute lure.
